

Mid Bay Bridge Toll Plaza Display Advertising Announcement

The Mid-Bay Bridge Authority (MBBA) has available Display Advertising Panels on the outside front windows of toll booths facing North and South bound traffic crossing the Mid Bay Bridge.

There are 3 display windows available facing South bound traffic into Destin and 3 display panels facing North bound traffic into Niceville. The 3 display windows facing north will be contracted to a single advertiser and the display advertisement must be the exactly the same design in each window. The same guidelines apply to the 3 south facing windows.

Each display panel is 40" H by 38" wide. The MBBA will be responsible for the production and installation of the display panels. The advertiser will be responsible for providing the MBBA display advertisement design and artwork in the specified digital vector art file format.

The advertiser will be responsible for the cost of production and installation of the display panels. The estimated production cost for 3 display panels is \$800.

The MBBA is now accepting bids from advertisers to advertise on the display panels for a minimum period of one year beginning June 1, 2019.

Final contract will offer two annual renewal options for a maximum contract period of three years. Separate bids must be submitted for the North and South panels.

The minimum bid accepted will be \$300 per month for each South bound panel (X3) and \$150 per month for each North bound panel (X3).

Each bid must include the annual payment rate. All bids must be in a sealed envelope and received by mail or hand delivery to the MBBA office by the close of business on February 28, 2019.

Bid submittal forms and additional information is available on the Mid Bay Bridge Authority website: <http://www.mid-bay.com/public-notices/bid-rfq-notices/>
